

**Helping you to help others**

## **Somerset Health and Wellbeing Advisory Network**

---

Now summer is finally here, we look forward to doing more of what we enjoy. We all want to keep illness at bay so that we can carry on enjoying the longer days and better weather. There are some simple things we can all do to look after ourselves, family and friends.

Somerset, along with the rest of the country, is seeing an increase in Covid-19 cases. This is most likely being driven by the effects of Covid-19 restrictions ending and greater social mixing combined with the spread of the BA5 strain of the Omicron variant. The Omicron variant is highly infectious and this new strain appears to be causing some reinfections.

To protect yourself and others please ensure that you are up to date with your Covid-19 vaccinations and boosters. If you're aged 30-49 and have not yet had a Covid jab, or you know anybody that has not yet stepped forward for theirs, please take advantage of the Covid vaccine clinics which are [available across Somerset](#).

Be mindful of those who may be more at risk and continue to:

- Meet outside, or let fresh air in if meeting others indoors
- Wash your hands regularly and thoroughly
- Wear a face covering or mask when in busy, indoor or enclosed spaces
- Cover your nose and mouth if you cough or sneeze

If you have symptoms of a respiratory infection, such as Covid-19, you have a high

temperature or do not feel well enough to go to work or carry out normal activities, you are advised to try to stay at home and avoid contact with other people.

## Walk In Covid Vaccination Clinics

To help you promote the walk in vaccination sites in your area, we have created a range of social media graphics and posters.

SCC are asking Somerset businesses to [join the SME Wellbeing Pledge](#), to organise and encourage green workplace wellbeing initiatives.

The SME wellbeing project [includes training opportunities](#) and is being delivered by New Leaf Life Design to help sole traders and SMEs in Somerset. The focus is on supporting those who have been impacted by Covid, through the virus itself, experience of lockdown or the impact of the recession.

Becky Wright, project co-ordinator, said, “*It would be so exciting to really put Somerset on the map as the wellbeing capital of the UK. When we look after our own wellbeing and those we work with it benefits our customers, supply chains and the wider community - it's a win, win.*”

[Stronger4Longer Website](#)

## New Stronger 4 Longer Campaign

Somerset Activity and Sports Partnership (SASP) have launched a new [\*\*Stronger 4 Longer campaign\*\*](#), encouraging people aged 50 to 65 to build strength through everyday movement to enable them to stay well, feel younger and protect their future health.

The [\*\*Stronger 4 Longer website\*\*](#) provides facts and information on why strength building is particularly important for 50-65 year olds. As we age, our muscles naturally get weaker. A sedentary lifestyle can speed this up, and since the Covid-19 pandemic hit, the UK working population has never been less active. Over time, an inactive lifestyle can dramatically increase the risk of falls and associated injuries later in life.

The campaign will be promoted across Somerset on social media, in local newspapers and in public spaces such as GP surgeries, libraries and public transport. Please share the resources and information widely with your networks.

## Suicide Alertness Courses

**Public Health in conjunction with Every Life Matters has launched a series of online 3.5-hour suicide alertness courses and 90-minute suicide awareness courses that will run throughout the next 12 months.**

The aim is to reduce the stigma attached to suicide, increase understanding of when someone is at risk of suicide, raise awareness of how to practically support someone, and the range of services and resources available for people in our communities experiencing suicidal thoughts.

Please share this information within your teams and wider communities. As we go forward more course dates will be added. Please appreciate that due to anticipated demand we cannot accept multiple applications on to one course from any one department or organisation.
