Somerset Health and Wellbeing Advisory Network

Wednesday 26th May

An advertisement for COVID-19 vaccination for children aged 5-11. It features a photograph of two children, a boy in a yellow jacket and a girl in a pink jacket, both wearing backpacks and sunglasses. The NHS logo is in the top right corner. The text reads: 'Children aged 5-11 are eligible for their COVID-19 vaccination'. A QR code is located in the bottom right, with the text 'Scan to book' below it. A blue banner in the bottom left contains the hashtag '#VaccinatingSomerset'.

Local Vaccine Centres

5-11 Vaccine

All healthy 5-11s are now eligible for their vaccine. [Bookings](#) can be made at a wide number of clinics across Somerset or [Walk-in](#) appointments additionally being offered at Tower Vaccination Centre in Taunton on specific days.

Over the half term there will also be dedicated children only days for [appointments](#) and [walk-ins](#) at Wincanton Community Hospital and Tower Vaccination in Taunton on Monday 30th and Wednesday 1st June.

All children's clinics allow additional time with the specialist and trained staff to reassure and support families during their appointment.

Think Travel is a new website dedicated to planning journeys within Somerset. It includes information on public and community transport as well as Somerset County Council's [Slinky demand responsive service](#). There is also a dedicated noticeboard area to help facilitate car sharing where individuals or groups can post offers or requests for lifts.

Please share widely with your networks, especially with those who may be struggling to get to a clinic for a vaccination.

'Let's Kick It Together'

Family support to quit smoking in pregnancy.

Mothers who smoke during pregnancy will be given incentives to "kick the habit" as part of increased support being launched by Somerset County Council to mark [World No Tobacco Day, May 31](#).

My Quit Route App

Let's Kick It Together, is a campaign from the [Mums2Be Smokefree Service](#) and the NHS, aims to reduce smoking before, during and after pregnancy.

The services provides expectant parents and their significant others with support and financial incentives to help kick the habit. This includes a personal Stop Smoking Practitioner, free support and treatment when needed, free gum, patches and support from an expert who has helped others kick the habit. There is also a brand new [My Quit Route App](#) with can be download to support to give additional support.
